DEGLI STUDI
DI TRIESTE

DSCF

Dipartimento di
**Scienze Chimiche
e Farmaceutiche**

Sustainable Materials and Materials for Sustainability

**2nd
OCT**

14:15

C11 Building, Main Hall
Via Giorgieri 1

14:15 Opening Remarks

Rector - Prof. Donata Vianelli
Director of the Department – Prof. Paolo Tecilla
Vice-rector for Research and PI of FIS3 PESCHE-FU project- Prof. Paolo Fornasiero
Prof. Federico Rosei – PI of FIS3 PHOTOHYDRO project

14:35 Opening Keynote Lecture

Prof. Marcelo Knobel, TWAS Executive Director
Science, Cooperation and Sustainability: Lessons from Trieste for a Shared Future

15:05 Keynote Lecture

Prof. Paolo Samori, Director of ISIS, University of Strasbourg
The Supramolecular Approach to multiresponsive 2D Electronics

15:35 Lecture

Prof. Michele Melchionna, University of Trieste
The PESCHE-FU Project

15:50 Lecture

Dr. Luca Schio, University of Trieste
Exploring Structure, Coordination and Reactivity in Hybrid Materials

16:05 - 16:35 Coffee break

16:35 Keynote Lecture

Prof. Elisa Moretti, University of Venice Ca' Foscari, UNESCO Chair
Inorganic Materials at the Nanoscale: Bridging Design, Functionality and Sustainability

17:05 Lecture

Dr. Kassa Belay Ibrahim, University of Trieste
Materials of Today for Green Hydrogen and a Carbon-Neutral Future: Advances in Water Splitting

17:20 Keynote Lecture

Prof. Matt Davies, Swansea University, UNESCO Chair
Sustainable Energy Technologies for a Circular and Equitable Future: From Printable Photovoltaics to Energy Access

17:50 - 18:00 Closing Remarks

Finanziato dal Fondo Italiano per la Scienza - Bando FIS3
